# Memorandum

TO : Registrar/TR

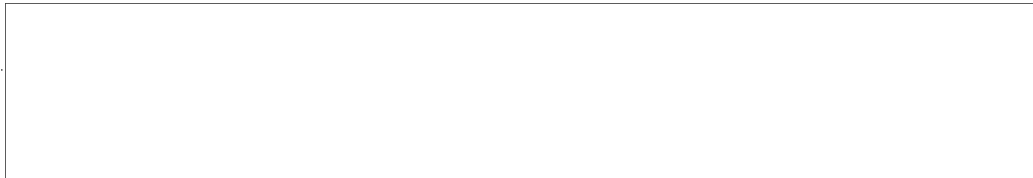

DATE: 6 August 1965

FROM : Chief, External Training Branch, RS/TR

SUBJECT: Weekly Activities Report No. 21  
26 July - 6 August 1965

25 YEAR RE-REVIEW

25X1

25X1  
25X1  
[redacted], as you may recall, was originally scheduled for a one year's program at Stanford, cancelled due to family problems, and subsequently approved for a year at SAIS. Arrangements were made by [redacted] with the Director of the Washington Center for Foreign Policy Research. [redacted] will be a research associate on Soviet internal politics. The Stanford program would have cost approximately \$5,000, whereas the SAIS program will cost approximately \$100.-- a substantial savings.

25X1

Although the review was due to his personal problems, could there not be similar review and redirection of training for other costly DDI full-time academic trainees?

2. The Contamination Control Lectures of Middletown, Pennsylvania, is giving a two-day seminar in "Clean Rooms" at the Mayflower Hotel. NPIC wishes to send five to seven employees at a cost of \$70 per registrant. Is it necessary to send so many from one office? Incidentally, this is a new facility for us and therefore requires prior security approval. NPIC has asked us to reserve spaces. However

3. Attached is a breakdown of new tuition rates at the Foreign Service Institute for Fiscal Year 1966. There

is a noticeable increase in costs for all programs. Of special interest to us is the 14% increase for area training.

4. [ ] mentioned in my last weekly, is another case in point. We could save \$2,500 if we send him PCS to [ ] instead of [ ] as requested by NPIC. [ ] who will attend the [ ]

wishes to live in [ ]. His main reason is that of convenience in getting his children to a private English-speaking school. The ITC literature also recommends, "Students bringing their wife or family are advised to put up in a hotel and to contact an estate broker, e.g. The [ ]

They will gladly furnish detailed information on available houses and apartments. The rent of a fully furnished apartment ranges from 300 to 500 [ ] per month. As a rule, water, light and heating are not included. Make it clear that you want to rent for a limited period without the obligation to give notice before departure." 300— 500 [ ]

[ ] We have no objection to [ ] living in [ ] or any other suburb where the real estate broker finds an apartment for them. Listed below is a breakdown of allowances [ ]

[ ] would receive for PCS [ ]:

As [ ] will take his car for the year, it seems reasonable to assume that his wife could either deposit him at the train station for the short electric ride to [ ] and continue on to the school house; or any other arrangements that families in America have for getting their children to private schools.

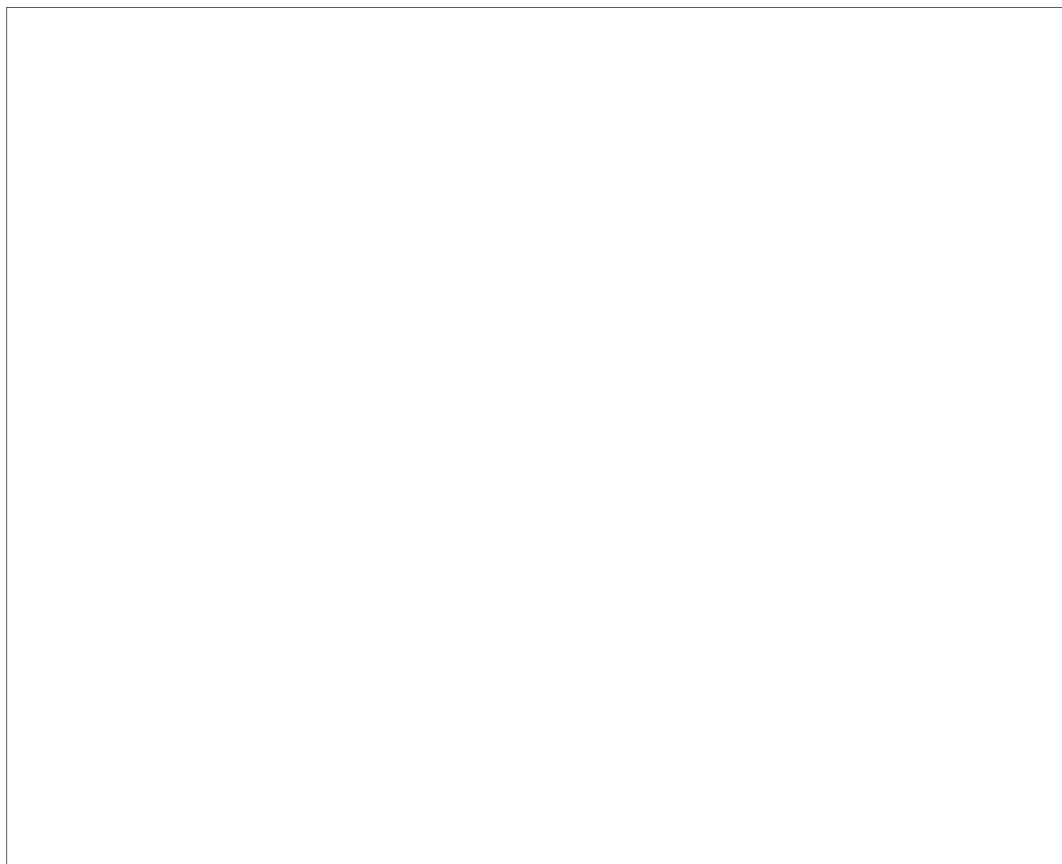

During a recent conversation with [ ] [ ] NPIC Personnel Officer, I again reconfirmed our desire to receive a memorandum from the Director of NPIC to the Director of Training on this matter.

5. On 13 July, [ ] was approved for Antenna and Scattering Theory at Ohio State University which begins 9 August. After [ ] was unsuccessful in his enrollment attempt, OEL gave permission to show CIA interest and we then officially enrolled him with [ ] course coordinator.

7. [redacted] called from the Brookings Institution and asked if the Agency planned to make nominations in the Science Conference this year. He had received a call from "someone in your Agency" last week expressing an interest. As [redacted] was allocating spaces, he will save spaces for us. I used my standard excuse for management programs, i. e., this year there were so many candidates and jockeying for position that it was taking longer to make a selection. However, I am sure we will want two spaces in each science conference and one space in each general conference.
